www.pilotsunited.com

is a totally FREE site for United Airlines Pilots

(Yes, I did say free!)

This website is truly "one stop shopping" for airline pilots, especially United pilots. Check out some of the links to the right →

It's totally FREE. I just put it together to learn how to build sites. There's no catch, no fee, no registration, just a good collection of links for UAL pilots.

From Sean Brown, author of The A320 Personalized Instructor, and Joel Vergun of GrabMyTrip.com
